

# ABERDEEN CITY public transport guide

This new revised edition of the **Aberdeen City Public Transport Guide** has been produced by Aberdeen City Council with assistance from First in Aberdeen, Stagecoach Bluebird and Bain's Coaches.

Inside you will find easy to read colour-coded maps of Aberdeen's daytime and night bus networks. There is also a city centre plan showing all bus stops accompanied by a destination list to help you find the right departure point to catch your bus. Our SMS Stop Information panel will help you get up-to-the minute departure information for individual bus stops with just a simple text.

With a quick guide to places of interest, a list of bus operators and useful telephone numbers this is the guide to help you make the most of travelling around Aberdeen City.

For detailed journey information and help with travel planning, contact:

## SMS Stop Information

The City Centre map above shows where the bus stops are located. Each bus stop will have a flag displaying an ID code and the number of the buses that stop there. Each bus stop also has an SMS Code which is listed in the table below.

Some stops have Real Time Information Displays, which tells you the time of the next First Aberdeen bus coming to the stop. If you want to find out the times of buses to the stop you can either look at the websites listed or contact the bus company directly.

If you would like to text for information try one of the following.

**For next departures**  
Text the bus stop code, eg 23234729 to 0777 608 2 608 to get the times of the next buses from your chosen stop.

**For next departures on a specific route**  
Text the bus stop code followed by an exclamation mark and then the bus service number, eg 23234729!50 to 0777 608 2 608.

**For next departures to a specific destination\***  
Text the bus stop code followed by a dot and then the destination village/town name, eg 23234729.ellon to 0777 608 2 608.
