Good morning, I have received the proposal for Walker Road Primary I would be in favour of the current walker road school closing and relocating them to the new building
Kind regards

Hi, I have 2 children at Walker Road school. Would they be moving to Tullos if Walker Road gets moved? My address is xxx. The new school sounds fab but if my children were going to be taken away from all their friends I would be against it. That would be very unsettling for children.
Kind regards

Thank you for your email. The proposed changes to catchment areas are intended only to remove the arrangements which had been put in place for the new building to be run as a separate third primary school. The changes won't affect any children who are already attending the existing two schools, so if your children are already at Walker Road School, they will be able to stay at Walker Road School.
I hope this helps.
Regards
