

Middleton Park School

This line graph illustrates the enrollment trends at Middleton Park School from 2010 to 2021. The vertical axis (Y-axis) represents the number of students, ranging from 0 to 600 in increments of 100. The horizontal axis (X-axis) represents the years. Two data series are plotted: 'Total Roll' (blue line) and 'Maximum Capacity' (red line). The 'Maximum Capacity' is a constant horizontal line at approximately 240 students. The 'Total Roll' starts at about 155 in 2010, peaks at 180 in 2012, dips slightly to 170 in 2013-2014, and then shows a steady increase, crossing the maximum capacity line around 2016 and reaching approximately 530 by 2021.

Year	Total Roll	Maximum Capacity
2010	155	240
2011	165	240
2012	180	240
2013	170	240
2014	170	240
2015	190	240
2016	215	240
2017	270	240
2018	330	240
2019	390	240
2020	450	240
2021	530	240
