## Aberdeen City Council – Local Code of Corporate Governance

CIPFA (the Chartered Institute of Public Finance and Accountancy) and SOLACE (the Society of Local Authority Chief Executives) framework "Delivering Good Governance in Local Government" was published in April 2016, establishing the principles which should underpin good governance and reminding local authorities that they should test their governance structures and partnerships against those principles. Aberdeen City Council achieved CIPFA's Mark of Excellence in Governance in 2020 and continues to make improvements in order to demonstrate advanced governance arrangements and retain this accreditation in the longer term.

This Local Code of Corporate Governance sets out our commitment to the principles of good governance by citing the primary controls and sources of assurance which demonstrate the effectiveness of our systems of internal control. Through the Annual Governance Statement, we provide annual assurance to the Audit, Risk and Scrutiny Committee that we are regularly monitoring and evaluating these controls to ensure they remain relevant and robust, and that we are managing our resources in a way which ensures delivery of our Operating Model. This is supported by the Council's Behavioural Framework which ensures that our culture and organisational capabilities are aligned.
