Impacts

Aberdeen City Council has a legal requirement as a public sector organisation to assess the impact of its work on equality groups and assess against human rights, children's rights and our socio-economic duty. This is our Public Sector Equality Duty (PSED). The PSED has three key parts:

- Eliminate unlawful discrimination, harassment, victimisation or any other prohibited conduct.
- Advance equality of opportunity.
- Foster good relations by tackling prejudice, promoting understanding.

This following five sections in the Integrated Impact Assessment demonstrate that these considerations that have been made in the policy, that the impact of proposals made is understood and accepted, and what mitigating steps can be taken to reduce any negative impact of the policy.

2: Equality Act 2010 - Protected Characteristics

Aberdeen City Council wants to ensure everyone is treated fairly. This section identifies what impact the policy may have on people with [protected characteristics](#).

2.1 What impact could this policy have on any of the below groups?

Protected Characteristic	Negative			Neutral	Positive
	High	Medium	Low		
Age				X	
Disability			X		
Gender Reassignment				X	
Marriage and Civil Partnership				X	
Pregnancy and Maternity				X	
Race				X	
Religion or Belief				X	
Sex				X	
Sexual Orientation				X	

2.2 In what way will the policy impact people with these protected characteristics?

Establishing a split of 50% Wheelchair Accessible Vehicles (WAVs) and 50% saloon vehicles would possibly have an effect on people with the Protected Characteristic, Disability, as WAVs currently comprise around 57% of the fleet.

If the policy is updated as proposed, this would have the result that there will be slightly less WAVs in operation.

2.3 What considerations have been made in reaching the above assessment?

What internal or external data has been considered? What does this data tell us?

A consultation exercise was undertaken with the general public, the trade, disability groups and other relevant stakeholders which ended on 11th April 2025.

Regarding the split of saloon vehicles and WAVs, a narrow majority of respondents did not agree with the proposed 50/50 split. Within those that disagreed, there was no real consensus on a suitable level of split nor any kind of rationale for any particular level. There appears to be a misconception that this increases the number of WAVS within the fleet, but that is not the case. This policy is looking to introduce a mix of saloons and WAVS.

What consultation and engagement has been undertaken with officers and partner organisations?

A consultation exercise was undertaken with the general public, the trade, disability groups and other relevant stakeholders which ended on 11th April 2025, as above.

Further information regarding the consultation including the consultation questions (Mixed fleet report appendix 1), alternatives to 50/50 split (Mixed fleet report appendix 2), early access to waiting list (Mixed fleet report appendix 3) and any other comments (Mixed fleet report appendix 4) can be accessed under Related Documents at:-

What consultation and engagement has been undertaken with people who may be impacted by this policy?

A consultation exercise was undertaken with the general public, the trade, disability groups and other relevant stakeholders which ended on 11th April 2025, as above.

2.4 What mitigations can be put in place?**What can be done to remove or reduce any negative impacts of this policy (if applicable)?**

It is suggested that a split of 50% Wheelchair Accessible Vehicles (WAVs) and 50% saloon vehicles is established, and that the current policy that all new applications require to be for WAVs is maintained.

This can be reviewed at a later date.

With mitigations in place, what is the new overall rating of the negative impact(s)?**High****Medium****Low****Negative Impact Removed**

It also explains how adults and governments must work together to make sure all children can enjoy all their rights.

Children's rights apply to every child/young person under the age of 18 and to adults still eligible to receive a "children's service" e.g. care leavers aged 18-26 years old.
