Dear [REDACTED],

Thank you for your information request of 4 August 2017. Aberdeen City Council (ACC) has completed the necessary search for the information requested.

1. How many complaints did the council receive about seagulls in each of the following years – 2010, 2011, 2012, 2013, 2014, 2015, 2016?

We received no complaints regarding seagulls between 2010 and 2016.

To provide clarification regarding this result, Aberdeen City Council follow the Scottish Local Authority Complaints Handling Procedure. Under this procedure, a 'complaint' is defined as "an expression of dissatisfaction regarding our actions, or lack of action, or the standard of service provided by us or on our behalf". There are some topics that cannot be considered as a 'complaint', such as reporting a pothole or pavement defect. This would be classed as a first time service request instead. For more information please visit

http://www.aberdeencity.gov.uk/council_government/feedback_complaints/crc_whatisacomplaint.asp

However, we have received the following number of contacts regarding seagulls:

2010 = 254,
2011 = 234,
2012 = 250,
2013 = 171,
2014 = 176,
2015 = 240,
2016 = 215.

As stated above, these would not be classed as a 'complaint'.

2. In each of the years referred to in Question 1: (i) what measures, if any, were taken by the council directly against seagulls (for example, egg or nest removal or installation of roof spikes) and (ii) how much did each measure cost?

Please refer to the attached spreadsheets.

3. In each of the years referred to in Question 1, what measures, if any, were taken by the council either directly against members of the public in relation to feeding seagulls (for example, fines) or to deter members of the public from feeding seagulls (for example, public education, such as leaflets or street signage about bird-feeding)?

Between 2010 and 2017 this Environmental Health has provided informal advice on seagulls as follows;

- Verbal advice provided to the public in response to contact made.
- Between 2010 and 2014 the relevant page of the council website provided advice on Seagulls.
- From 2015 to date this Service provides a Council guidance leaflet entitled 'Living with Urban Gulls' or directs the public to the relevant page of the website.
- Residents of domestic properties are informally advised either verbally or in writing, not to feed larger birds.
- Owners of commercial properties are informally advised to proof property should a problem with seagulls roosting be identified.

4. (i) What measures, if any, have been taken by the council so far this year (up to 31 July 2017) in relation to seagulls, and (ii) how much has each measure cost?

Please see our response to Q3 above. We haven't any costs at the moment as the work is ongoing.

5. (i) Has the council sought any Antisocial Behaviour Orders under the AntiSocial Behaviour etc. (Scotland) Act 2004 to prevent individuals from feeding birds in the council area? If so, (ii) how many?

No Antisocial Behaviour Orders have been sought to prevent individuals from feeding birds.

We hope this helps with your request.

Yours sincerely,

Grant Webster
Information Compliance Officer

INFORMATION ABOUT THE HANDLING OF YOUR REQUEST

As the information which you requested is environmental information, as defined under Regulation 2(1) of the Environmental Information (Scotland) Regulations 2004 (the EIRs), ACC considered that it was exempt from release through FOISA, and must therefore give you notice that we are refusing your request under Section 39(2) of FOISA (Freedom of Information (Scotland) Act 2002). However, you have a separate right to access the information which you have requested under Regulation 5 of the EIRs, under which ACC has handled your request. Please refer to the attached PDF for more information about your rights under the EIRs.
