[EIR-17-1350 - Construction Noise.xls](#)

---

Dear [REDACTED],

Thank you for your information request of 20 September 2017. Aberdeen City Council (ACC) has completed the necessary search for the information requested.

**Could you please detail the number of complaints or calls you relating to short term rentals such as air bnb in 2017, 2016, 2015, with a monthly breakdown and a description of the nature of the complaint /call.**

It is not possible for Aberdeen City Council to provide this information as it does not hold records that can identify noise complaints associated specifically with short term rentals.

ACC is unable to provide you with information on **the number of complaints or calls you relating to short term rentals such as air bnb in 2017, 2016, 2015, with a monthly breakdown and a description of the nature of the complaint /call** as it is not held by the Council. In order to comply with its obligations under the terms of Regulation 10(4)(a) - Information Not Held - of the EIRs, ACC hereby gives notice that this information is not held by it. ACC is required by Regulation 10(1)(b) of the EIRs to inform you as to why in all the circumstances of the case, the public interest in maintaining this exception outweighs the public interest in disclosing this information to you. ACC is satisfied that it does not hold this information and considers that, as there is no information held, the public interest lies with the exception.

**Could you also provide detail of the number of complaints/ calls about construction/ development work over the same period.**

	Year		
Complaint category	2015	2016	2017 1/1/17 to 2/10/17
Construction Noise	148	190	110
Roadwork Noise	17	44	12
TOTAL	165	234	122

**Please detail whether it relates to a domestic dwelling, commercial building or road works.**

ACC is unable to provide you with information on **whether it relates to a domestic dwelling, commercial building or road works** as it is excepted from disclosure. In order to comply with its obligations under the terms of Regulation 13 of the EIRs, ACC hereby gives notice that we are refusing your request under the terms of Regulation 10(4)(b) – Manifestly Unreasonable - of the EIRs.

In making this decision ACC considered the following points:

Is the request manifestly unreasonable?

ACC is of the view that the information requested is manifestly unreasonable under the terms of the Environmental Information (Scotland) Regulations 2004 (EIRs).

The request must impose a significant burden on ACC, be manifestly unreasonable or disproportionate.

ACC is of the view that providing the information requested would require a disproportionate amount of time and the diversion of an unreasonable proportion of ACC's resources away from its noise complaints investigations.

To explain this, the service has advised that there is one officer available to undertake the work required to manually extract this information from files. Given the time involved in providing this information, ACC is of the view that this request would have an impact on the core business of the team.

Each investigation record would require to be accessed to determine if it related to commercial or domestic dwelling. It will take on average 5 minutes to find, access and review each case. This is likely to amount to around 43 hours of work.

Has ACC provided reasonable advice and assistance to the applicant?

ACC would be happy to discuss ways in which you may refine your request, so we can provide some information of interest to you. Please do contact the Information Compliance Team, who will be happy to advise you, if this is something you would like to pursue.

What are the public interest arguments?

ACC recognises that there is a general public interest in assuring the public that ACC has a procedure in place to investigate complaints and provide help and support, and to this end has published general information about Noise Control on its website:

[http://www.aberdeencity.gov.uk/planning\\_environment/environmental/environmental\\_health/pol\\_NoiseControl.asp](http://www.aberdeencity.gov.uk/planning_environment/environmental/environmental_health/pol_NoiseControl.asp)

However, in this instance, ACC is of the view that the public interest in maintaining the manifestly unreasonable exception outweighs this general public interest, given the time required to provide the information, which would have an impact on the services delivered by that Team.

**Please provide a similar description of the nature of the complaints/ calls.**

Please see attached.

We hope this helps with your request.

Yours sincerely,

Information Compliance Team

#### **INFORMATION ABOUT THE HANDLING OF YOUR REQUEST**

As the information which you requested is environmental information, as defined under Regulation 2(1) of the Environmental Information (Scotland) Regulations 2004 (the EIRs), ACC considered that it was exempt from release through FOISA, and must therefore give you notice that we are refusing your request under Section 39(2) of FOISA (Freedom of Information (Scotland) Act 2002). However, you have a separate right to access the information which you have requested under Regulation 5 of the EIRs, under which ACC has handled your request. Please refer to the attached PDF for more information about your rights under the EIRs.
