Dear [REDACTED],

Thank you for your information request of 13 November 2017. Aberdeen City Council (ACC) has completed the necessary search for the information requested.

I am contacting in regards to the “Seaton 7” project that involves the installation of thermal insulation as well as rainscreen cladding on the exterior of the developments.

To my knowledge the main contractor for the development is Keepmoat. The information I require is the specifications for the cladding system being installed to the buildings.

I would require detailed designs of the cladding system with all materials being used on the system being listed.

Ideally architectural drawings of the cladding system with thermal properties of the materials would also be useful if these can be provided.

All the information required is covered in the Building Warrant Application. Members of the public can contact the Building Standards Team to view a Building Warrant application. (Telephone - 01224 523470 or pi@aberdeencity.gov.uk).

As **detailed designs of the cladding system** is otherwise accessible by contacting the relevant officers above, it is exempt from disclosure. In order to comply with its obligations under the terms of Regulation 13 of the EIRs, ACC hereby gives notice that we are refusing your request under the terms of Regulation 6(1)(b) - Information Already Publicly Available - of the EIRs.

We hope this helps with your request.

Yours sincerely,

Grant Webster
Information Compliance Officer
