Dear [REDACTED]

Thank you for your clarified information request of 16 January 2019. Aberdeen City Council (ACC) has completed the necessary search for the information requested. Our response is now detailed below.

Please provide me with information relating to fire safety checks in council residential properties over the 2016-17, 2017-18 and 2018-19 financial years. I was looking for all council properties where people live – so council housing and council-supported accommodation please.

Please tell me:

• How many checks were carried out in each of the financial years

There is a documented fire risk assessment programme in place which carries out risk assessments on a rolling basis as per available guidance.

2016/17 - 43 Properties

2017/18 - 74 Properties

2018/19 - 44 Properties to date

• How many passed and failed in each of the financial years

The process does not result in pass or fail results. The process is similar to normal risk assessment in that it checks controls against set criteria.

And for those which failed please tell me:

• Where the check took place

• When the check took place

• What was the reason for the failure

Not applicable, the system does not result in a pass or fail result.

We hope this helps with your request.

Yours sincerely,

Anna Buchan

INFORMATION ABOUT THE HANDLING OF YOUR REQUEST

As the information which you requested is environmental information, as defined under Regulation 2(1) of the Environmental Information (Scotland) Regulations 2004 (the EIRs), ACC considered that it was exempt from release through FOISA, and must therefore give you notice that we are refusing your request under Section 39(2) of FOISA (Freedom of Information (Scotland) Act 2002). However, you have a separate right to access the information which you have requested under Regulation 5 of the EIRs, under which ACC has handled your request. Please refer to the attached PDF for more information about your rights under

the EIRs.
