Main Issues Report - LDP Consultation 2019

Development Bid Reference 0904 - Land Adjacent to Countesswells Wood

This bid for housing development land should be progressed.

It sits well beside the trees.

It's got great access bility in terms of public transportation, paths, roads, cycle connections.

It will be close to excellent shopping, health, recreation and employment opportunities.

It will also have excellent education capacity given the new schools being built nearby.

There is likely to be a positive benefit in terms of nature conservation as the projected sensitive development of the site would allow for the incorporation of features to improve biodiversity through new amenity planting.
