

## Support Guides

This guide provides a list of links to user support guides to help you get the most out of the [online digital resources](#) that as a member of Aberdeen City Libraries you have access to.

These support guides are not produced by Aberdeen City Libraries and we do not have control over the content. Some resources provide more user support options than others. Please be aware that some of the guides are only viewable if you are logged in with library membership details.

The guide is checked on a quarterly basis for accuracy and broken links.
