

in partnership with

Landlord Accreditation Scotland (LAS) webinars for private landlords

Property condition and property management

September 2021

These webinars will focus on 'Property condition and property management,' providing landlords with the opportunity to understand the topic better or act as a refresher on the subject, bringing your knowledge up to date.

Each webinar is one hour long and will be delivered by LAS tutors who are highly experienced and knowledgeable in private rented sector matters. During this challenging time, it can be difficult to keep track of the changes to legislation which affect our responsibilities as landlords. The webinars available from LAS cover all these responsibilities and are updated in line with ever changing legislation.

If you haven't taken part in a webinar before and wonder if it is for you, please contact the LAS team and they will be happy to talk you through how it works.

Your next LAS webinars in partnership with Aberdeenshire Council and Aberdeen City Council
