

WORKING TOGETHER TO PROVIDE LOCAL TRAINING AND INFORMATION COURSES FOR PRIVATE LANDLORDS AND LETTING AGENTS

Keeping up to date with the ever-changing legislation relevant to landlords and letting agents working in the private rented sector can be challenging. Aberdeenshire Council and Aberdeen City Council are working with Landlord Accreditation Scotland to ensure that all those working in the private rented sector can benefit from the most up to date information and hear about how to include best practice within the day to day management of rental property by providing a series of training and information events, relevant to those involved in rented property in these local authority areas.
