

## Aberdeen City Council Employers Expression of Interest Form

The paid work-based training opportunities fund is part of a new North East Economic Recovery and Skills Fund (NEERSF), a £14.3m investment by the Scottish Government to support economic recovery and enhance skill levels for businesses who are based in Aberdeen City and Aberdeenshire.

Aberdeen City Council (ACC) is delivering more than £800,000 of activity through the NEERSF fund and this project will support businesses from this fund to create up to 80 work-based training opportunities for those aged 25+ through the creation of an employer recruitment incentive (ERI).

This Expression of Interest Form is to open a dialogue between the employer (business) and Aberdeen City Council.
