

This is a list of all Aberdeen City Council's non-housing assets.

The Unique Property Reference Number (UPRN) is a unique 12 digit number that all assets across the UK have. The File No. is the reference number used by the Council to identify an asset. The Property Type indicates what the asset is used for or most recently used for where vacant. The Gross Internal Floor Area (GIFA) is measurement of floor area. The Status shows if the asset is currently in use, vacant or under development. The Title indicates if a property is owned by the Council (Freehold), Leased to the Council (Leasehold) or a Private Finance Initiative (PFI). The Account is an historic record of departmental ownership used for accounting purposes. The Ward shows which Electoral Ward the asset sits in.

| UPRN | File No | Property Address | Property Type | GIFA (m ²) | Status | Title | Account | Ward |
