Landlord Accreditation Scotland (LAS) webinar for private landlords

Preparation for Possession Actions

18th November 2022

This webinar focuses on the topic of Preparing for Possession Actions and cover the processes and best practices for regaining possession of your property. The webinars provide landlords with the opportunity to understand the topic better or act as a refresher on the subject, bringing knowledge up to date.

This webinar is one hour long and will be delivered by LAS tutors who are highly experienced and knowledgeable in private rented sector matters. During this challenging time, it can be difficult to keep track of the changes to legislation which affect our responsibilities as landlords. The webinars available from LAS cover all these responsibilities and are updated in line with ever changing legislation.

If you haven't taken part in a webinar before and wonder if it is for you, please contact the LAS team and they will be happy to talk you through how it works.

Your next LAS webinar in partnership with Aberdeen City Council and Aberdeenshire Council
