Dear [REDACTED],

Thank you for your information request of 20 April 2017. Aberdeen City Council (ACC) has completed the necessary search for the information requested.

Please list the names of any public buildings (including but not limited to: offices, care homes, waste management facilities, fire and police stations, sheltered housing, libraries, leisure centres) which have been built since 1996 and where potentially dangerous defects have been found between 1 April 2007 and 1 April 2017. This would NOT include expected, minor wear and tear maintenance work;

There are no non-housing Council owned buildings built since 1996 where such defects have been identified after the building has come into use.

Please detail what these defects were and what disruption to services they caused (please provide all relevant documents including but not limited to building surveys, emails, memos and reports), when they were reported, when the fixes were completed and at what cost to your organisation;

Not applicable, please see our response above.

Please list when the construction of each building listed in part one of this request was completed and how it was financed i.e. PPP/NPD/DBFM/capital funded.

Not applicable, please see our response above.

We hope this helps with your request.

Yours sincerely,

Grant Webster
Information Compliance Officer
