Dear [REDACTED],

Thank you for your information request of 16 February 2017. Aberdeen City Council (ACC) has completed the necessary search for the information requested.

Could you please answer the following questions about Aberdeen road bumps. When I say road bumps I mean the humps in the road that are presumably meant to slow down traffic (speed bumps):

What year did the council first start putting in road bumps?

This information is not recorded. An officer in roads recollects speed bumps being installed as far back as 1994 but there may have been some prior to that.

ACC is unable to provide you with information on **What year did the council first start putting in road bumps** as it is not held by ACC. In order to comply with its obligations under the terms of Section 17 of the FOISA, ACC hereby gives notice that this information is not held by it.

How much has it cost so far?

This information is not recorded.

ACC is unable to provide you with information on **How much has it cost so far** as it is not held by ACC. In order to comply with its obligations under the terms of Section 17 of the FOISA, ACC hereby gives notice that this information is not held by it.

How much have you paid out in compensation to drivers who have damaged their cars on these bumps?

No compensation has been paid out to drivers who have damaged their cars on speed bumps.

If I damage my car on these bumps how do I claim compensation?

A claim form can be issued and it would be forwarded to our insurance providers. You can also submit your claim online at the following link:
