FREIGHT ROUTING IN NORTH EAST SCOTLAND

Nestrans is the Regional Transport Partnership for Aberdeen City and Shire.

As part of its Freight Action Plan, Nestrans has established a Freight Forum, who have been responsible for developing and distributing this guide to the region for HGV drivers.

This guide has been produced with support from the InterregIVB StratMoS project and is intended as an aid to more efficient freight distribution to and from major freight locations.

Further information on Nestrans and the Freight Forum as well as electronic copies of this map can be downloaded from www.nestrans.org.uk.

Alterations, updates and suggestions for this map should be sent to info@nestrans.org.uk quoting Freight Map Version 2.0

Rights are reserved however these maps may be copied and further distributed in so long as no charge is made for so doing. These maps are shown as a guide to aide route selection and show selected information available at time of publishing. They are not to scale and do not show the complete restrictions either on the map or in the text. No liability is accepted for any errors or omissions.
